

SC-APC ADAPTER WITH SHUTTER**MODELO: BDN-ADAPSCAPC-CS****COD: 31453****REFERENCE IMAGE****DESCRIPCIÓN**

The SC-APC adapter is designed for FTTh applications where there may be the presence of particulate matter, thanks to the shutter the entry of contamination into the adapter is prevented.

FEATURES AND BENEFITS

- Single fiber.
- Exceeds performance requirements of EIA/TIA-568-C.3 standard;
- Meets applications according to IEEE 802.3 (Gigabit and 10 Gigabit Ethernet) and ANSI T11.2 standards (FiberChannel)
- SC-APC polished to improve return loss
- Flangeless adapter.

SC-APC ADAPTER WITH SHUTTER

MODELO: BDN-ADAPSCAPC-CS

COD: 31453

APPLICATIONS

- FTTx home Termination

SPECIFICATIONS

DESCRIPTION	VALUE
Insertion Loss (dB)	0.15 dB
Return Loss (dB)	>60 (clase NBR 14433)
Colour	Green
Material	ABS
RoHS Materials Compliant	Yes
Description in accordance with	TIA/EIA 568.C, ISO/IEC 11801, EN 50173, IEC 60304, IEC 61754, EN 297-1 Copyright
